

# A061 Cleaner & Degreaser

**Engineering Adhesives** 

#### **DESCRIPTION**

A061 Cleaner & Degreaser is a blend of highly active solvents suitable for the removal of most oils and greases from a variety of surfaces including certain plastics, elastomers, metals, ceramics etc. The solvent blend prevents excessive solvent loss allowing for longer dwell time for maximum penetration of thick deposits

Typical Properties	
Chemical base:	Blend of Solvents & alcohols.
Colour:	Clear
Specific Gravity	0.79 approx.

Tough Carbon deposits can be removed as well as thick deposits of grime and dirt, varnishes and graffiti. Protect surfaces you do not wish to damage as blistering may occur on certain surfaces or stress cracking of susceptible plastics

- Powerful Formulation
- Increases Efficiency
- Powerful Solvents remove even the toughest contamination.
- Excellent for removing burnt on residues/carbon.
- Safe on Aluminium

#### **APPLICATIONS**

For use as an all-purpose powerful remover of contamination as found on all types of parts such as flanges, cylinder heads, pumps and all types of assemblies.

### **LIMITATIONS**

## **DIRECTIONS FOR USE**

Brush or spray onto required area. Wipe until clean. Repeat as necessary. Use in ventilated area.

#### **PACKAGING**

SCIGRIP A061 is supplied in a 200ml Non Aerosol Pump Spray

## **STORAGE & SHELF LIFE**

Store in a cool area out of direct sunlight

Shelf Life: 18 months @ 20°C

## **HEALTH & SAFETY**

Contains: Flammable Solvents.

Avoid splashes to skin and eyes which can cause strong irritation/burning effect or dermatic effect by defatting nature on skin.

Not to be taken internally.

Must be kept out of the reach of children.

Keep pressurised containers away from sources of direct heat. Do not puncture or incinerate the aerosol even when empty.
